Did you meet your student goal? Why or why not?						
Yes, because I finished the						
book and made a time line.						
The time line helped me get						
through the book by only writing						
down important events.						
Did you meet your teacher goal? Why or why not?						
Yes, because I finished the book						
before switching genres by making						
a chart. The chart helped me by						
reading the amount of pages each						
day to finish the book in a						
certain amount of time.
